

# GUIDANCE FOR INDIVIDUAL CLEANUPS

Cleanups are an opportunity to beautify your community and spend time outdoors. With the near expiration of the Stay Home – Work Safe order, Keep Austin Beautiful reminds Austinites to stay safe when choosing to go outside and clean their communities.

When picking up litter, Keep Austin Beautiful recommends participants to do so responsibly and at their comfort level. Your cleanup group should include only members of your household.

Please wear a face mask and disposable gloves, and use a litter grabber. Maintain at least 6 feet of distance from passersby.

When you are finished collecting litter, please make sure your trash bag is securely tied to protect sanitation workers. Immediately wash your hands with soap and water and hand sanitizer after collecting litter. Please dispose of your single-use face masks and disposable gloves properly and in the waste bin.

At this time, Keep Austin Beautiful is not providing face masks, disposable gloves, or trash grabbers. We look forward to offering our full menu of cleanup supplies when it is safe to resume large gatherings.

## How to Remove Single Use Gloves

1. Grip one glove on the outside of the glove near the cuff.
2. Peel it down until it comes off inside out.
3. Cup the removed glove with your gloved hand.
4. Place fingers from your bare hand inside the cuff of the glove that you have on. Be sure to not touch any damp or contaminated areas of the glove.
5. Peel that glove off so that it comes off inside out, touching only the inside of the glove you are removing keeping the other glove inside it.
6. Dispose of the gloves in a trash container.
7. Wash your hands with soap and water or use a hand sanitizer if soap and water are not available.
